

I am choosing to take my prescription to an outside pharmacy that is not affiliated with my veterinarian. I understand that purchasing my prescription from a facility other than my veterinarian, or a pharmacy with which my veterinarian is affiliated, may potentially put my pet at risk. I understand that my veterinarian and/or the manufacturer of the prescription can not guarantee the quality of the product I purchase. In addition, I further understand that if my pet should suffer any kind of adverse reaction from the prescription, neither Loving Touch Animal Center nor the manufacturer of the prescription can be held liable.
